

Technical drawing of a 19-inch rackmountable device, showing three views: Front View, Side View, and Bottom View. All dimensions are in inches.

Front View: The device has a total width of 5.43" and a total height of 10.08". The top section is 2.95" wide and 1.23" high, containing three circular components spaced 1.12" apart. The bottom section features a ground hole (Ø 0.2") and a mounting bracket with a 1.95" wide base and 0.86" height. The bottom flange is 1.63" high and 0.08" thick.

Side View: The device has a total depth of 6.14" and a total height of 12.21". The front flange is 10.08" wide. The side panel has a depth of 4.25". A (1) 3/4" NPT Knockout is located 1.97" from the front edge and 1.57" from the bottom edge. The side panel is 4.49" wide at the base. The bottom flange is 0.39" high and 0.08" thick. The side panel is labeled M3.

Bottom View: The device has a total width of 5.43" and a total depth of 4.45". The bottom flange is 0.95" high. The bottom panel contains four circular components arranged in a 2x2 grid. The distance between the components is 3.23" horizontally and 2.52" vertically. The bottom panel is labeled (4) 3/4" NPT Knockouts.
